Barb Mehne- “ I want any fees for certified mail added to rate payers account”.

Barb Mehne – “I want the number as to how many customers bought EDU’s in the beginning years ago & haven’t used them. I would like to have letters sent out to have any unused ones bought back for the price they bought them for”.

Barb Mehne – “Why wasn’t the recording of the meeting posted on the website when it was unanimously approved at the last meeting “ ?

Barb Mehne – “ I want connection and account verifications by actual permits especially in change of operations for the building”.

Barb Mehne- “Following the procedure for items not on the agenda under the new regulations”.

Barb Mehne- “I think we should be more aggressive with the accounts that Portnoff has in the files as to getting them uploaded and limit the time they must pay. Some of these accounts have 3 & 4 accounts and do they pay a little on each account just to satisfy them. I don’t think they should be granted any more payment plans if they have more than 1 open accounts. I feel that a sheriff sale should take place on items to recoup our lost. I am not talking about true hardships here, I am talking about blatant refusal to pay their debt to the authority and still maintain their high on the hog lifestyle”.

Barb Mehne- “I want to publicly thank Tony for his hard work and hours that he puts in with Portnoff every 2 weeks to try and get things sorted out and uploaded. He has done a tremendous job and I know that the records are a lot to be desired”.
